

LFT-päivä 2014

XIII Medical Physics and Medical Engineering Day

13.2.2014

University of Eastern Finland,
Kuopio

Finnish Society for Medical Physics and Medical Engineering organises 13th LFT-päivä event in Kuopio 13.2.2014. The aim of the day is to activate new members to the society as well as improve research and education collaboration between medical physics and medical engineering professionals and students in Finland. **The event includes poster competition for all master theses completed in 2013. The total amount of prizes is 2013 €.**

In addition to poster competition the day includes a seminar. The seminar includes presentations of activities in fields of medical physics and medical engineering by organising university as well as company presentations. Organisers invite other institutions and professionals in this field to bring posters or other presentation material to seminar.

Participation to poster competition: Those who have completed their master thesis by the end of 2013 are eligible to participate. Send your contact information and abstract of your thesis to secretary@lfty.fi (Title: LFT-päivä/posterinäyttely) by 17.1.2014. Contact information should include name, address, phone number, e-mail, university, supervisors and examiners of the thesis and the title of the poster. Structure of the abstract is following:

TITLE WITH CAPITAL LETTERS AND BOLDED

1. Name, university and the organisation where the thesis work was conducted
2. abstract (font minimum 10pt, line space 1, empty line between paragraphs). The abstract should have separate paragraphs for a) aims of the research b) methods c) results and d) conclusions. In poster you may use this structure if needed.

Abstracts and poster are recommended to may be in English. The acceptance to present the poster will be informed latest on 28.1.2014. **All participants will have free access to evening get-together.**

Note. iBioMEP doctoral programme's Annual Seminar will be organised on 14.2.2014, More information <http://www.ibiomep oulu.fi>.
